San Francisco, CA 94103

Thank You!

Dear Susan, Maryann and Diane:

On behalf of the Whistlestop Board of Directors, staff, volunteers, and especially our participants, we want to thank so much for all your efforts in the transformation of our Transportation Building Call Center. You and your volunteer network and design professionals did an amazing job! Throughout the project, thank you for meeting with us several times, evaluating our needs, measured and designed the room, searched for furniture that would fit and talked to your vendors whom had considered donating to this cause. Not only did your team volunteer their incredible talents, but they did all this with amazing enthusiasm and support. Thank you!

We all share in the responsibility to ensure that Marin's older adults and people living with disabilities have the opportunity to age with dignity, independence, and grace. Your generous support helps to make this possible.

If you have any questions, please contact Tracy Brusman, Development Associate at 415-456-9062, x122.

With warm regards and appreciation,

Joe O'Hehir
Chief Executive Officer

*Thank you all
for your generosity
and support!*

No goods or services were received in exchange of this contribution.
